West Basin – Providing a safe and reliable supply of high-quality water to the communities we serve.

West Basin Municipal Water District is constructing the Palos Verdes Recycled Water Pipeline Project, a new 3.5-mile-long recycled water pipeline that will connect to West Basin’s existing system in Torrance and deliver recycled water for irrigation purposes to the Palos Verdes Golf Club.

What to Expect

Project activities include survey work and potholing (boring activity to confirm location of underground utilities), followed by open trench construction, excavation and backfill work, directional drilling, deliveries of materials and use of construction equipment.

- Lane closures, parking restrictions and turn restrictions in work areas; “No Parking” signs posted in advance
- Intermittent closure of Palos Verdes/Torrance boundary trail
- Some noise, dust and vibration during work activities
- Through-traffic will be maintained at all times
- Access to driveways maintained at all times
- No disruption to utility, trash or delivery services

You will receive a notice at least 48 hours prior to the start of work in your area. For questions or concerns, please contact the West Basin Construction Awareness Team.

Location

Work will start at the boundary trail and continue south to Via Las Vegas, through the Palos Verdes Drive North median, to Via Navajo and end at Paseo Del Campo.
